THE
UNK WEED!
REMEDY
—OR—
OREGON
RHEUMATIC CURE.

HISTORY.

This Remedy is composed of the active principle of the Unk Weed—Eng. Thaspium Cordatum Origians Lat.—Indigenous to Oregon Grows most abundantly and perfectly in Washington Co

PROPERTIES, ETC.

It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIC Principle Soluble in Alcohol.

MEDICAL PROPERTIES AND USES:

It is the most sure and speedy cure for

Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds

That was ever introduced in the Materia Medica. The UNK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

Powerful Tonic.

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus building up and strengthening the system, while at the same time the volatile principle being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system

There are a few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled rheumatic patient, that their use has to be abandoned before specific effects are obtainable, hence the want of success in treating this prevalent and in consequence heretofore incurable disease

Unlike these Medicines, already known, the UNK WEED REMEDY, though rendering as powerful and as active effects on the blood and system in removing the Rheumatic Poison, also possesses a strong TONIC and recuperating element which admits of its continued use even by the most delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in one remedy, which accounts for its superior and never failing curative effects in

Ayer's Hair Vigor,
FOR RESTORING GRAY HAIR
TO ITS NATURAL VITALITY & COLOR

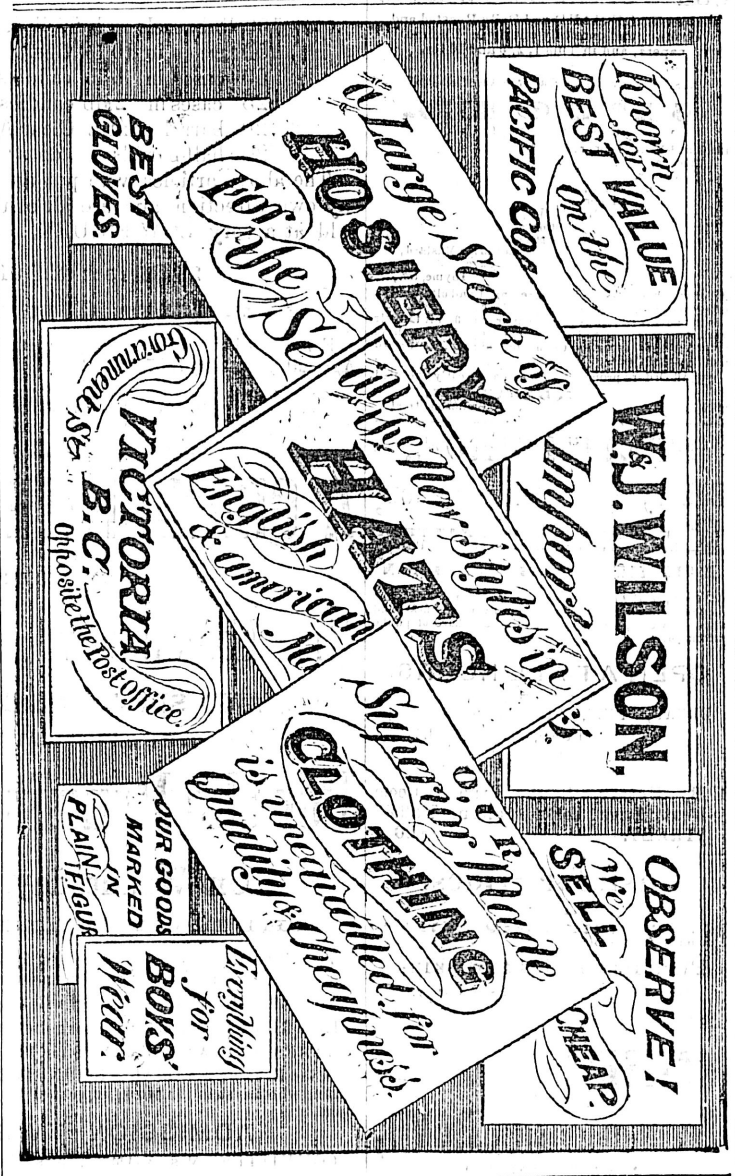

Advancing years, sickness, care, disappointment and hereditary predisposition all turn the hair gray; either of them disposes it to fall off prematurely; the effect is unsightly and unpleasant to behold. Dr Ayer's consummate skill has produced an antidote for these deformities, which has won gratitude for him from multitudes of women and men. His HAIR VIGOR sometimes reproduces lost hair; and always restores to faded and gray hair its natural color, with its gloss and freshness of youth. The comparatively few bald and gray heads that we how see, are those who have not yet discovered the virtues of AYER'S HAIR VIGOR for renewing the hair. The fresh and youthful hair we see on older heads is often the product of his art. If you are disfigured or made old, austere and ugly, by gray hair, restore its youthful color and with it your features to their original softness and agreeable expression.

As an elegant dressing for beautifying the Hair it has no superior;

Card of Thanks to Dr Chong.

AFTER BEING TREATED FIVE MONTHS by a white doctor, and spending nearly $300. I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr Chong's Card in THE COLONIST. I placed myself under his care and in NINE DAYS I was a well man. I write this card to discharge a debt of gratitude I owe to Dr Chong, which charge, I may also say, was reasonable. My complaint was neuralgia. WILLIAM MCCORMICK.

C FRANCIS BARNARD, MD.
SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth: he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets, the best vulcanites of the last 25 years.

We cheerfully add Dr. B's Card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

THE BRITISH COLONIST.

Saturday Morning, April 27, 1872

European Mail Summary.

The papers bring us a very interesting budget of news. A terrible accident has occurred on board H. M. S. Ariadne. While off the coast of Portugal, on the 8th inst., a man named Felix Richardson fell overboard. The ship was immediately hove to, though a still breeze was blowing, and the cutter lowered, with two officers—Mr. Jukes and Mr. Talbot—and seven seamen on board. They searched for three hours, but could not find the man, and began to return, and as the cutter turned head to wind she was swamped by a heavy broadside sea and all hands perished. A second cutter was immediately lowered; two more officers — Lieutenant Bromley and Mr. Egerton—and another crew immediately volunteering to save their comrades; but she also was swamped, and one of her seamen drowned, though *Mr.* Ellis, boatswain, a survivor of the Captain, and Quartermaster Loram, risked their lives by going down with slip-ropes under the port quarter of the ship in the attempt to save him. When the first boat was swamped the officers seem to have struggled most gallantly, one of them having been noticed encouraging the men, and from first to last every man seems to have done his duty without a thought of self. In the House of Lords, Lord Salisbury called attention to the proposed application of the system of Responsible Government to the Cape of Good Hope, which he condemned as a more than doubtful experiment. Lord Kimberly gave some explanations, which went to prove that the recent increase of European population, caused by the diamond discoveries, rendered the prospects of self-government more hopeful than at any previous period. In the Commons, the Chancellor of the Exchequer explained the steps that have been taken for the education of the young Abyssinian, Theodore's son, and Lord Enfield confirmed the statement of the expulsion of native Christians from some villages in Japan, which measure had been disapproved of by the Government at Yeddo, but he had no information of any massacres having been committed. Mr. Wells, a local banker of Conservative politics, was elected M. P., for Wallingford without opposition. The *Spectator* says that when Sir C. Dilke's anti-royalty resolution was before the House, the riot was a most discreditable one. When Mr. A. Herbert rose to second Sir C. Dilke, the Tories, instead of quietly not attending, resolved to stop him, and for an hour and a quarter yelled, shouted, screamed, hissed, crowed like cocks, brayed and made animals of themselves in every possible way. Four efforts to count out were made, but stopped by Government, which wanted a division, and at length Lord E. Cecil (?) "saw strangers" and expelled the reporters,—not to prevent their reporting so disgraceful a scene, but to stop Mr. Herbert, who, however, stood out the storm as obstinately as his ancestor stood out Lord George Gordon. The whole business, had it occurred in the French Assembly, would have furnished an argument for recalling Napoleon III., and in America would have been quoted to discredit a Republic. The new Speaker appears to have rather failed in his duty, permitting the riot to go on without arresting the schoolboys who led it, and disregarding even an appeal from Mr. Dodson, who was scandalized by the cock-crowing, only remarking that "he had never been so pained," and this after he had decided in reply to Viscount Bury that Sir C. Dilke had a right to make his motion. Intelligence has been received by telegraph from Australia up to March 1. Thanksgiving services for the Prince of Wales' recovery had been generally held throughout the colony. The captain of the Sussex, recently lost, has been sentenced to a month's imprisonment for culpable negligence. A Roman Catholic priest, Rev. Bruno Ryby returning from a funeral was killed at the Lancashire Railway while attempting to enter a train in motion. The Irish Conservative papers comment severely upon what they style the niggard grant made to the widow and family of the late Lord Mayo. The first free election of a Bishop under the Disestablishment Act has been held when the Dean of Limerick was chosen as Bishop of Cashel. The smallpox has been very fatal at Norwich, 500 deaths from that cause having been registered. The disease is now abating in severity. It is announced that the office of Queen's Advocate will not be filled up, at least for the present. Lady Charles Ker was removed to London yesterday, a marked improvement having occurred in her condition. Sir Algernon William Peyton, the Master of the Bicester Hunt, died suddenly on his return from hunting. He was in his 40th year. Lord Muncaster was elected without opposition M.P for West Cumberland, in succession to Mr Henry Lowther now Earl of Lonsdale. It is stated that Mr Devereux, MP for Wexford, has resigned his seat on account of ill-health. An angry feeling exists in Exeter against surcharges for income tax, and very many persons have refused to pay. Several seizures have been made by the officers on the goods of defaulters. The funeral of Mr Murphy, the Protestant lecture, attracted an immense crowd, which behaved in a most disorderly manner notwithstanding the presence of a strong police force from Birmingham. In the House of Commons Mr Bernal Osborne gave notice of a motion for an address to the Crown for a grant from Imperial funds to the widow and family of the late Lord Mayo. The claim of the Earl of Aberdeen to be summoned to Parliament was before the House of Lords, when evidence was taken in America to prove the death by drowning of the late Earl, then serving as first mate on board a mercant vessel under the name of George Osborne, was submitted. The celebration of the anniversary of the establishment of the Paris Commune was not held in the St George's Hall, London, as intended, because the proprietors refused to allow the building to be used for that purpose. A gathering of Communist sympathizers was held in the City at which characteristic speeches were made. The Irish judges now on circuit continue to notice the diminution of crime. Some cases of agrarian vengeance have, however, been tried and notably one at Tullamore where, however, the prisoner was acquitted, although the prosecutor swore to his identity. It is intended to make a National Demonstration on St Patrick's Day the Amnesty Association proposing to hold meetings in every town to demand the release of the Fenian convicts remaining in custody. There has been a further rise in tin of £5 per ton and it is probable that another advance will shortly be made. A new ironclad of immense proportions and power, the Thunderer, has been safely launched. A pension of £500 per annum has been granted by the Indian Council to the widow of Mr Justice Norman. In the Divorce Court the Hon. H. T. Jolliffe, eldest son of Lord Hylton, obtained a divorce from his wife upon the ground of her adultery with Mr E B Willyams, M.P. A Treasury Minute has been published fixing the salaries to be paid to future Attorneys and Solicitors General, in lieu of fees for non-contentious business. The deaths of two ex M.P.'s are announced—Mr Burroughes and colonel Biddulph. Lord Inchiquin, elder brother of the late Mr Smith O'Brien, is dead. A rare book has been discovered at Lambeth Palace—a copy of the second volume of the Famous Mazarin Bible, supposed to have been printed about the middle of the 15th century.

Atmospheric Diseases.

The air, without which no creature could live, is the source of disease of which millions die. At this season, especially, the atmosphere is full of the germs of many kinds of sickness. Every globule of the mist and fog which cloud the earth and sky in spring holds in solution its portion of miasmatic poison.

The evil effects of this aerial virus can only be certainly averted by increasing the vital activity of the system and securing the full and free exercise of all its natural functions, and hence it is, that Hostetter's Stomach Bitters, the great nerve strengthener, regulator and antidote to malaria, is imperitively required in the spring months.

It is at this time, too, that dyspepsia assumes its most distressing types and that persons of bilious habits usually suffer most. There is an influence in the air which depresses the spirits as well as the physical energies and in order to restore their elasticity tonic treatment is absolutely necessary.

All the world knows that the wonderful efficacy of Hostetter's Bitters in cases of indigestion, biliousness, nervous prostration and malarious fever is due to the potency of its tonic, alterative and aperient materials and the absolutely pure stimulent with which they are incorporated.

It is because the public have been taught by twenty years' experience that the article can be implicitly trusted—inasmuch as it performs uniformly and certainly all that it is advertised to do—that they prefer this sovereign tonic to every other. Hence its immense and ever-increasing sales, and hence, too, alas! the many counterfeits and imitations, against which there is no safeguard except the close scrutiny of the purchaser.

THE BRITISH COLONIST.

Saturday Morning, April 27, 1872.

BIRTH

In this city, April 25th, the wife of I. W. Powell Esq. M.D., of a son.

Our Ottawa Letter.

In another column will be found a letter from our special correspondent at the federal capital. This letter is the first fruits of a permanent arrangement entered into with a gentleman whose well-established literary ability, long familiarity with Canadian politics, high social standing, and ready means of access to the most reliable and important sources of information, cannot fail to contribute largely to the interest of our colums, The local readers of this journal will be especially gratified to learn how well received and highly thought of are the representatives of British Columbia in Old Canada, and our correspondent's letters will no doubt be looked for in this Province with no little interest during the session of Parliament.

Canadian Parliament.

VICTORIA IN THE ESTIMATES.

A dispatch from Mr. Nathan, M P., conveys the following information:—

OTTAWA, April 25th.

The Estimates were brought down to-day. The following items refer to local matters.

Marine Hospital	$25,000
Post Office	25,000
Cape Beale Light	9,000
Penitentiary	25,000
Dredging Victoria Harbor	10,000

and more if required. Liberal grants for mail and other services.

OUR MEMBER AT MONTREAL.—The Ottawa *Citizen* thus alludes to Mr. Nathan's after dinner effort in Montreal: — Mr. Henry Nathan, M. P. for the city of Victoria, made his *debut* as a public man in this part of the Dominion, at a public dinner given to Mr. Mitchell by the merchants of Montreal on Saturday night. His speech on this occasion was something more than the conventional "thank you" for the honor done. Coming from the latest acquisition of the Dominion, the Province of British Columbia, a country of immense natural resources, but respecting which, little is known by the Canadian people generally. Mr. Nathan seized the opportunity of laying before the influential assemblage he was addressing, much valuable information touching the trade, the resources and the capabilities of the splendid country, of which he is one of the representatives in Parliament. His speech was a new departure in the way of after dinner efforts, and one which we would like to see more followed by public men.

COMOX APPLES AT MONTREAL.—We clip the following from the Montreal *Gazette* of the 23rd March:—VANCOUVER ISLAND.—The two very fine specimens of apples exhibited in Mr. Crawford's window, Great St. James street, were brought to Montreal by Mr. James Richardson, of the Canadian Geological Survey, who gathered them on the 3rd November, in Mr. Robb's orchard, Comox, 150 miles north of Victoria, Vancouver Island, or five degrees north of Montreal. Mr. Richardson states that several trees in the orchard were then laden with similar fruit. The pears were likewise large and abundant, some of them measuring eleven inches in circumference. Peaches, gooseberries, raspberries, strawberries, and various other fruits and vegetables attain to great perfection, and are raised in large quantities in all the settlements on the Island.

THE TEUTONIC AND ETHIOPIAN BURLESQUE TROUPE Played to a pretty good house last evening. Miss Carrie Armstrong and Miss Ida Fisk were frequently loudly applauded and the witticisms of Messrs. Wallace and Nickerson, excited more than usual merriment. Miss Armstrong and Mr. J. H. Larkin in their Dutch character are unsurpassed by anything of the kind which has yet appeared so far north on the Pacific Coast. The troupe take their leave of Victoria by the Prince Alfred this evening. We wish them every success in their travels.

THE H. B. Co's steamer Enterprise sailed at 2 pm. yesterday with a large number of passengers and a large amount of freight. She was to have sailed at 11 am. but was detained in shipping the two new boilers for the steamer Lillooet. Among the passengers were F. W. Foster J P. and wife, I. Oppenheimer and bride, J. A. R Homer, wife and 7 children, Tod and daughter, D. W. Higgings and party, G. B. Wright, S. Roberts, F Mitchell, F. Ward and Dr. T. G. Christian.

THE marriage of the Marquis of Bute to the daugater of Lord Howard took place on the 20th April, in the Roman Catholic Oratory, at Bloomington. It was witnessed by a great crowd. Marchioness Burdette Coutts, Duchess Argyle, Baron Rothschild, Duke of Norfolk and many other noble personages were presented to the newly married couple

F. W. Foster Esq, J P, of Clinton, has received per Prince Alfred thrashing, separating, mowing and reaping machines. This looks like a step in the right direction.

BOARD OF EDUCATION.—Mr. Robert Williams has withdrawn his letter of acceptance of a seat on this Board. Dr. Tolmie, Mr. A. J. Langley and Mr. A. Munro have accepted seats on the Board.

MAY DAY.—The reader must not forget the grand Fete and Bazaar at the New Convent, and the object for which it is given. The doors will be open at 2 o'clock pm.

MR. NATHAN, M.P.—We are glad to have it in our power to announce that Mr. Henry Nathan M P., will be a candidate for re-election to the House of Commons.

GRIST AND SAW MILLS.—Mr. A. S. Bates has on board the Prince Alfred powerful machinery for a grist and sawmill, to be erected at the 150-mile post, on the Mainland.

CRICKET.—We are requested to state that the Victoria eleven will take first innings at the wickets on Monday.

Anniversary Banquet I.O.O.F.

The Brethren of the Independent Order of Odd Fellows met at the Alhambra Hall last evening in honor of the anniversary of the introduction of Odd Fellowship on the American continent, 53 years ago, since which time the Order has increased to the number of 800,000 under the American jurisdiction, viz: the United States, Canada, Australia, British Columbia, and latterly Germany, by consent of the Emperor William and Prince Bismarck, including the Islands of the Sea. The present occasion is to celebrate the introduction in the independent form. A well-known brother appeared upon the occasion, which gave zest to the affair, being an old worker in the propagation of the good work. The following toasts were proposed and heartily responded to with enthusiasm, and some excellent speeches, among the most prominent we would mention that of a brother typo, E. A. Sherman.

Proposed by the Chairman, A. H. Guild, "The Queen," "President of the U. S.," "The Governor."

By Mr. Jas. Fell, "The Legislative Assembly."

By Mr. J. S. Drummond, "The Mayor and Council," which was responded to by the Mayor and Council.

By Mr. C. Hayward, 'The Day we Celebrate,' responded to by Mr. E. A. Sherman, Editor of the Masonic *Mirror*, in a most eloquent speech of an hour's duration.

By Mr. J, S. Drummond, the 'Grand Lodge of our Jurisdiction,' which was responded to by Mr. A. H. Guild.

By Mr. Chas. Gowen 'The prosperity of Vancouver Encampment No. 1. Responded to by Mr. J. D. Robinson.

and Jas. Fell in a true and benevolent spirit.

By Mr. J. *Mc*Milian the prosperity of Victoria Lodge No 1., responded to by *Messrs* Jas. York and W. Huxtable in appropriate and concise terms. By Mr. R. Roberts, the prosperity of Columbia Lodge No 2, responded to by Messrs Waller, W. Jeffrey and E. B. *Marvin*. By E. B. Marvin New Westminster Lodge, responded to by Mr. E. A. Sharp in a very happy manner. The Press by Mr. T. R. Mitchell, responded to by Mr. T. E. McMillan in some well timed remarks. Sisters of Rebecca and ladies by C. Morton, responded to by E. A. Sherman in a most eloquent and pithy speech.

THRILLING INCIDENT OF THE AMERICAN WAR.—The Seattle (W. T.) *Dispatch* of Wednesday had the following:—"We noticed last week in our city Mr. Garesche, the Agent of Wells, Fargo & Co., at Victoria. Mr. G. is the only brother of the gallant Chief of Staff, of Gen. Rosecrans, who fell at Stone River, while riding at the side of his Chief in the thickest of the fight. The day was going badly, for word was brought Rosecrans that the right wing was being driven in. Some one said Gen. Sill was killed. 'Never mind,' said Rosecrans, 'advance that battery.' Then word was brought that Robert's had fallen, and the Commadants of two other brigades on the right. 'Can help it,' said he, 'Tell that regiment to fire low, give them a blizzard in the shins.' Then he turned to see the headless trunk of faithful Garesche topple from his horse.

'Oh, my boys, that's hardest of all. But never mind, brave men must die in battle.'

'But, General,' says a young Aid, who was solicitous for him, hadn't your better retire from this exposed place?'

'No my boy. Make the sign of the true Cross, and go and tell that Brigade in the Cedars to hold fast.'

THE ROYAL TYCOON TROUPE.—We are informed by a gentleman who witnessed the performance of this Troupe in San Francisco, that the feats performed by them are the most extraordinary he ever witnessed. He particularly mentions jumping through drawn swords, top spinning, balancing &c.&c. The prices of admission are very moderate, and we advise all our friends to patronize them The first performance will be given this evening.

NAVAL.—We are informed that dispatches have been received by the naval authorities stating that the Zealous is ordered to leave for England at once and will not await the arrival of the Repulse 12, 3,749 tons, to relieve her. In consequence Admiral Farquher will hoist his flag on board the Scout or Scylla, probably the former. The Scylla is ordered up to Esquimalt in August. The Chanticleer arrived from this station on March 8th and was paid off on the 12th

FOR SAN FRANCISCO. — The following passengers were booked per Prince Alfred up to 4:30 p. m., yesterday. Mrs. A. R. Robertson and 2 children, Mrs. Malbeits, Mrs. R. Beaven and 3 children, Misses. Jeffries, Mrs. McCully, and Messrs. J. Heath, D. N. Bradstead, John *Mc*Bean, Z. L. Jungerman, C. S. King, Wm. Brown, S. Dinsmore, W. M. Bell, R. Holt, John Owens, John Wilkie, Crawford, Mayer, E. A. Sherman, and Col. Larrabee and wife.

NEW JOURNAL.—We have received the first number of the *Mail*, a paper just started at Toronto, Ontario. It is a large, well printed, well edited and well filled sheet and bids fair to occupy a leading position in the Ontario press. The *Mail* is moderate Conservative in politics and supports the present Dominion Government.

UNCONSTITUTIONAL TAX.—We believe that we are correct in stateting that the unconstitutionality of the five dollar poll tax, so long exacted from British subjects going to California, has at last been decided, and that its collection at this port, as well as elsewhere, has been discontinued.

PRINCE EDWARD ISLAND.—The census of Prince Edward Island has just been taken, showing an increase since 1861 of 16-28 per cent. The population is now, in round figures, 95,000, which gives a population of 44 to the square mile. Of these 40,764 are Roman Catholics, 29,579 Presbyterians, Methodists 8,361, Church of England 7,220.

SKATING RINK.—This popular place of amusement will be closed on the 30th inst., for the Summer. Next Monday evening it will be open; all therefore who desired to enjoy the last skate they will have an opportunity to indulge in for the season had better be present. The rink will be open this afternoon and evening as usual, when no doubt a crowd will at end.

FOR SKEENA.—The H. B. Co's steamer Otter left at 6:15 last evening for Skeena, with between 50 and 60 passengers, including Mrs. Hankin and child, and Messrs. Middleton, Leech and Goodacre,

SELWYN ON B. C.—Mr. Selwyn, Chief of the Geological Staff, recently delivered an address on British Columbia before the Natural Society, Montreal, *Mr.* Richardson spoke on the same subject.

THE WEEKLY COLONIST may be had at the book stores ready for mailing per Prince Alfred.

H. M. S. ZEALOUS sailed from Panama for Payato, Valparaiso and here on the 7th of March.

REPLY TO THE ADDRESS.—The Canadian Government papers say that Mr. Nathan, M.P. was selected to move the reply to the Address.

PRINCESS ROYAL.—This bark is advertised to sail from London to Victoria in the first week in May.

PANDORA STREET.—Workmen have commenced to grade and gravel this street from Blanchard to Douglas.

NEW COVER.—A new cover is being placed on the public cistern at the corner of Government and Yates street.

CHANGE.—The building lately occupied by Messrs Green, for photographic purposes, is now occupied by a fruit-dealer—Mr. Glade.

NO LEADER.—In order to make room for the interesting news received by the mail, we have omitted our usual editorial article.

THE fire cistern at the corner of Government and Yates street was yesterday re-covered by Mr. Thos. Storey.

THE MAIL will close at 5 o'clock and the express at 5 o'clock this afternoon.

THE Prince Alfred will sail at 7 o'clock this evening for San Francisco.

SPAIN.—Things look serious in Spain.

Dominion Mail Summary.

The New Brunswick Legislature would, it was expected, adjourn on the 12th inst.

Mr. Edward Retiley, editor of the Charlettetown *Herald*, for many years a prominent politician and a member of the Legislature, is dead. He died of heart disease, supposed to have been accelerated by excitement, he having just been nominated for re-election in his old constitutency, on the Opposition side.

The St. Catherines *Journal* has 'the best of authority' for stating that, in the estimates which will be introduced during the ensuing session of Parliament, an appropriation will be asked for from the House to announce the enlargement of the Welland Canal, and if the money be granted the work of enlargement will be proceeded with at once.

The Ottawa *Citizen* of the 9th inst says :—'R. W. Bro Henry Nathan, Past Grand Senior Warden of the Grand Lodge of British Columbia; W. Bro. J. Spencer Thompson, M P., Master of the Cariboo Lodge; and Bros. Hon. R. W. W. Carrall, Robert Wallace, M. P., and Henry Haughton, M. P., will pay a fraternal visit to Civil Service Lodge to night.

The same paper of the 8th inst, says: 'The district engineers on the Intercolonial Railway, now in Ottawa, entertained Mr. Sandford Fleming, Chief Engineer, and a number of friends at dinner on Saturday last. The Minister of Public Works and several of the Parliamentary representatives of British Columbia were present.'

The Montreal *Gazette* of the 5th inst, has the following:—'Mr. De Cosmos, of British Columbia, has gone to New York on business connected with the Pacific Railway project. The general result of the reports made by the Pacific Railway surveying parties to be laid before Parliament will be satisfactory. It is generally believed by those who have opportunity of forming an opinion that the line can be built at a cost per mile not greater than that of some some roads.

A complimentary banquet was given in Montreal to the Hon. Peter Mitchell, Minister of Fisheries and Marine, on the 3rd inst. The affair was a brilliant success. H. Nathan Esq. M.P. for Victoria B. C. was called upon to respond to the toast of the House of Commons, and made a good speech.

MRS. LANGE'S DANCING ACADEMY in the Royal Exchange Hall continues to attract large and respectable assemblies of ladies and gentlemen. The regular class evenings are Tuesdays and Fridays, from 8 to 10. The class is and will be always kept in a most select style,

Our Ottawa Letter.

As I take up my pen to write my first letter to the BRITISH COLONIST, a Canadian journal, published on Canadian soil, nearly three thousand miles away. I for the first time begin to realize how wonderful has been the march of union and progress amongst the British North American people during the past ten years. To me it seems but yesterday when the first Colonial Conference met at Charlottetown, where the first practical step was taken by the patriotic statesmen of the four Provinces for the political union and consolidation of the Colonial Empire in the West Henceforth the cry of every true Canadian was.

'FROM OCEAN TO OCEAN!'

The first day of July, 1869, saw Quebec, Ontario, Nova Scotia and New Brunswick united together; less than two years afterwards the new Province of Manitoba and the great North West Country were brought into the fold; and, in 1871, with the free will and consent of her people the Pacific Province as we now popularly designate British Columbia was persuaded to link her fortunes and destiny with her big sister, as the barber in Martin Chuzzlewit would say, 'Here we are!' Looking around us I don't think we have much cause for despondency over her position. Contrasting our present state with what we were only a few years back, and how greatly improved do we not find ourselves. Then we were a mere

BUNDLE OF STICKS,

loose and unbound, and ready to be carried adrift, by the first sea of adversity which overtook us. Our people had little intercourse, and we knew next to nothing of each other. It is true we occupied common ground as Britons; but in our own particular little Province we are either 'High Lowlanders' or 'Low Highlanders,' our thoughts, interests, ambition being centered in Vancouver Island, New Brunswick or Lower Canada, as the case might be. Beyond our own farm-yard we saw nothing. Now, how changed is all this and what a change for the better? We are now one people united together by ties of mutual self interest, brotherhood and nationality, with one common aim and purpose, bound, with the blessing of *God*, to work out a grand destiny for ourselves and those who are to follow us. 'The whole boundless continent may not be ours. But what of that? We have enough and to spare for all our requirements, and if the testimony of Dr Hurlbert, who has lately produced a book on the

CLIMATE AND PRODUCTIONS OF CANADA

can be relied on, and I have no doubt they may be, our portion of North America is by no means the worst in whatever aspect it may be regarded. To be a Canadian hereafter will be something for a man to be proud of, for whether we look at the extent and value of our territory and its resources the perfect system of Government under which we live, the hardy character of our people, or the well modelled institutions which everywhere abound for our benefit, no one will fail to concede that our prospects in a national point of view are in every way most promising and encouraging.

I am writing this from my lodgings at the Russell House, the famous hostelry kept by Monsieur *Gonin*, and which is the principal resort of politicians and public men generally. It will be remembered by Some of your readers as the place where the grand

BANQUET WAS GIVEN TO MR TRUTCH,

on the occasion of his appointment to the Governorship of British Columbia. Here during the past four weeks, several of your representatives in the Senate and Commons have been staying *en passant*, let me say that the gentlemen you have sent here are in every respect

MOST CREDITABLE TO YOUR PROVINCE;

this is the verdict on all sides. Hon Senator Carrall, who seems the life and soul of the party, was already known to us, having been here on a former occasion in connection with the negotiations for the admission of the colony into the Dominion; he is besides, a Canadian by birth and a member of a long established Ontario family, and as such he is made specially welcome. Hon. Senator Macdonald and Messrs. Nathan, Nelson, Thompson, Wallace and DeCosmos, were 'strangers,' in the ordinary acceptation of the term, but I assure you they did not remain strangers long, as everywhere they have been feted and caressed.

MR. NATHAN MADE HIS DEBUT

as a public man in this part of the world at a public dinner in Montreal, given to Mr. Mitchell, the Minister of Marine and Fisheries, the other evening. On that occasion he was called upon to reply for the House of Commons, and I am told that his speech was one of singular merit as an after dinner effort, his remarks being very instructive on British Columbia affairs On this point I may say that all your representatives have at all times been most willing to afford every information in their power respecting the trade, resources and capabilities of your Province to persons making enquiries. I fancy their patience must have been pretty well taxed, as owing to there being

NO HAND BOOK

or work containing information on British Columbia to be obtained at the booksellers, enquiries have been frequent. This, at any rate, shows the warm feeling of interest taken in the new Province by your brethren in other parts of the Dominion. Indeed you would be surprised at the extent and cordiality of the interest everywhere felt. As one instance I may mention that, previous to the Union, our people rarely said or cared for a British Columbia newspaper. Now they are in constant demand and read eagerly.

I presume you have read in the newspapers of the special compliment paid to Hons. Senator Carrall and Dr. Helmcken, in being presented with

SILVER COPIES

of the large medal struck in London in 1867, to commemorate the Confederation of the British North American Provinces. The distribution of silver copies of this magnificent work has heretofore been confined to Cabinet Ministers, bronze copies being given to ordinary members of Parliament. This looks as if some political preferment were intended for the whole-souled Senator, who, from what I can learn, is an especial favorite of Sir John.

Parliament assembles on Thursday, and it is stated on good authority that the session will be a short one—not more than thirty days. I hear that

ONE OF YOUR REPRESENTATIVES

is to have the honor of moving the address in reply to the Speech from the Throne; but who the favored one is, is not definitely known. Some say Dr. Carrall, others Mr. Nathan, and others again Mr. Nelson. Either of these gentlemen would acquit himself of the duty with credit and ability. To-morrow night

THE CIVIL SERVICE LODGE

of Freemasons tender a reception to R. W. Bro. Nathan, Bro. Carrall and W. Bro. Thompson, and they will afterwards entertain them at the Rideau Club.

Ottawa, April 6, 1872, CANUCK.

The Late Lord Mayo.

On the 17th ult. the remains of the late Viceroy were landed at Calcutta from the steamer Dophine, and conveyed to *Government* House on a gun carriage, the Calcutta Volunteers, to the number of about 500, forming the escort and preceding the procession. The *Times* corrsspondent says that the body was followed by an immense procession, with nearly the whole population of Calcutta looking on. "In parts of the route the procession seemed to pass through a sea of human beings. The line was kept by alternate English and Native regiments, and a regiment of Bengal cavalry accompanied the procession. At Government House the coffin was placed at the foot of the grand staircase, and the procession passed uncovered. The scene was most solemn and impressive." The remains laid in state for two or three days, and were visited by a great number of persons. On Wednesday a solemn funeral service was held in front of Government House over the remains of Lord Mayo, which were afterwards conveyed on board Her Majesty's ship Daphine. At the Custom House and the jetty a procession similar to that of the landing on Saturday last was formed, though somewhat restricted on account of the short distance to be traversed. All classes of the inhabitants were represented, and the volunteers formed the escort. The troops lined the roads. The remains will be transferred at Sango to the steamer *Glasgow* which will proceed to Bombay, where Lady Mayo will embark for England.

The Lion's Share for the British Lion.

Some of our readers, says the London *Spectator*, may remember the shower of prospectus with which Continental journals received the news of the success of the Suez Canal. Great Britain was to lose first her commerce, then her commercial navy, then her supremacy at sea, and finally her Indian possessions, The Mediterranean States were to recover their long-lost Oriental trade and M. Lesseps was to be the avenger of a hundred seaboard cities ruined by the avarice of England. Well, here is the official return of the tonnage and nationality of the ships passing through the canal in 1871:—

British	546,621
French	91,841
Austrian	43,113
Italian	29,400
Turkish	16,959
Egyptian	13,394
Dutch	6,711
Russian	4,820
Belgian	4,400
American	4,170
German	3,520
Spanish	3,157
Norwegian	1,316
Portuguese	919
Danish	660
Burmanian	408
	771,409

Great Britain sends five-sevenths of the whole, and much more than double the tonnage of all the rest of the world put together.

FELL'S COFFEE, superior to any other manufactured on the Coast, may be obtained of all respectable dealers throughout the Colony.

HOLLOWAY'S PILLS AND OINTMENT.—We stand aghast at the thousands hourly hurried to a premature grave, victims of having neglected the first symptoms of disease. Whether the complaint originates in the body, or be introduced accidentally through the skin—fatal results may be warded off by a timely recourse to one or both of these medicines. 25 cents per box or pot.
